Let's Learn the 5 Times Table! Count the fingers to help you learn.

Now try these...

$$
\begin{aligned}
& 7 \times 3 \text { fingers } 5 x=\square \text { fingers } \\
& 9 \times=\square \text { fingers } 2 x=\square \text { fingers }
\end{aligned}
$$

Name:

## Let's Learn the 5 Times Table!

Count the toes to help you learn.

Name:

## Let's Learn the 5 Times Table!

Now try these...

$$
\begin{array}{ll}
2 \times \int^{m}=\square \text { toes } & 4 \times \int^{m}=\square \text { toes } \\
6 \times x^{m}=\square \text { toes } & 10 \times \int^{m}=\square \text { toes }
\end{array}
$$
